BH Redesign Coding and Documentation

Tuesday, January 23rd, 9:00 AM - 12:30 PM

Presenter: Diane E. Zucker, M.Ed., CCS-P

Health Care Management & Reimbursement Consultant

Diane E. Zucker has a masters degree in education and has been in the health care field for the past 37 years. Of those 37 years 29 of them have been as a consultant. She has hands on experience in practice management, physician management, physician and office staff training, CPT and ICD coding and reimbursement, compliance reviews, AR and insurance assessment. As a certified procedural coder she supports practices with both “routine” coding issues to operative note and specialty service review and compliance reviews.

Discussion Outline

- Review of any changes in the coding and documentation process
- Highlights the key issues that this process needs close review - including diagnoses coding, bundling and unbundling issues (itemization examples); discussion and review of services provided by specific staff (nurses with physicians with counselors)
- Review of per diem services for IOP, PH, SUD per diem services with review of inclusions for the services and allowable coding
- Questions and answers
